The Assisted Instrument Purchase Scheme – student notes.

The Discount Musical Instrument's AIPS enables students at government funded schools and colleges to purchase musical instruments at a substantial discount, of up to 15% on the normal retail price.

In order for a student to purchase an instrument under this scheme the following conditions must be met :-

- The instrument must be for the student's own use and be a necessary part of their music education (for example you cannot study flute without a flute).
- The tuition must form part of the normal school curriculum.
- The instrument is required for regular classroom use (for example, weekly).
- The instrument must be portable (ie brought to school by the student).
- The student must be receiving tuition in school from a qualified tutor (either school teacher or external music tutor).
- The instrument must be appropriate to the needs of the student.
- The instrument must be purchased by the school on behalf of the student and handed to the pupil in a school teaching room.
- Payment is made to the school at the agreed price prior to instrument delivery

The student may choose any instrument approved by the school (please see price list) and use the form provided to order the instrument direct from the school.

Once the instrument has been received warranty and repair service will be provided direct to the student / parent by Discount Musical Instruments Ltd.

See our website at www.discount-musical.co.uk for more details of instruments and normal retail prices. Don't forget you will make a **saving of upto 15%** on these prices!
